Mr. Gauravv Mittal
Managing Trustee

Word from Trustee

DivinTi - A Name, I have kept for my Vision: To open Primary School in every city of India; A way to Moksha for me and others who help building this in this ERA; A completely non- profitable rather charitable trust.

D is for desire, your thoughts do aspire.
I is for inclusive, never leaving others out
V is for vision, few can share.
I is for intellect, your high capacity for knowledge
N is for name, a pleasant one indeed.
I is for impartial, a great arbiter
T is for tender, loving nature.
I is for innovator, always improving

Hearts Behind DiViNiTi

-Sarita Nirjhra

DiViNiTi is creating such an environment where children are learning by seeing and imbibing knowledge beyond books as well as developing skill for lifetime."

- Monika Sharma

Interactive discussions and story telling with guided research is our moto to education in supervision of able educators.

LEARNING BEYOND BOOKS

**HELP THEM GROW,
HELP THEM LIVE,
MAKE THEM HAPPY**

COURSES OFFERED

DiViNiTi ULLAS (PLAY GROUP)-

The little ones spend time and learn what make the root of any personality. ULLAS is specially designed to develop the social skills of the tiny tots. The bonding between the mom and the child is further enhanced through meaningful fun activities happening within timely intervals.

DiViNiTi UNNATI (PRE-NURSERY)

Our UNNATI is designed to provide unstructured play time along with age-appropriate learning aids which makes them aware of the surrounding and relate topics learned in books to the practical world. Our goal is to make the child fall in love with learning and create inquisitiveness for world around.

DiViNiTi UDGAM (NURSERY)

The child inquisitive mind gets its food in the years spent in our DiViNiTi UDGAM. Language, numbers environment all are part of daily activities which trigger the learning quotient of the child. We introduce structure learning into curriculum with balance of co-curricular activities hence providing overall growth stimulation.

DiViNiTi PANKH (KINDERGARDERN)

Our UNNATI PANKH is designed to prepare the child for the formal education in terms of listening speaking reading & writing. The child learn to be independent

DiViNiTi DHANAK (CLASS 1-5)

Our UNNATI DHANAK is everything which a formal school is. It gives complete holistic development to child, giving scientific outlook with vedic values.

CO CURRICULAR

We not only say – We Are DIFFERENT

The general tendency is to keep preschool activities restricted to numbers and alphabets with dash of activity which are not helpful as they do not teach all the finesse of an art.

WE at DiViNiTi provide Co-Curricular Activity on daily basis.

Subject experts are hired for all the mentioned activities. The DiViNiTi Child DOES NOT need any extra hobby classes. We thrive to make them stage confident.

Dance classes , Personality Development classes and special Moral classes pertaining to our VEDIC culture is something which makes us Different!

The curriculum in DiViNiTi is Proudly Indian. The country which gave the best of knowledge to world has ample which has been forgot ten and need to be revived.

DiViNiTi has a balanced curriculum which keeps new age techniques, incorporating scientific approach,well researched methodologies and also tapping the good values and moral of child which are present naturally but need to be sharpen and rooted deep so that the personality is perfect with strong virtuous character.

Stories weaved around mythology and Indian culture are integral part of DiViNiTi which also has best of Mixed curriculum. Montessori,Waldorf ,PlayWay and Indian Vedic method of education make the balanced DiViNiTi CURRICULUM.

Curriculum:

The teaching methodologies of DiViNiTi school has been deeply inspired by Vedic humans and their importance of a broad, balanced training of the hand. Research shows how the human hand has played a crucial role in the evolution of the human species. Till today kids learn a lot by hands on activity rather than classroom learning. We at DiViNiTi work towards creating an environment where child gets an holistic development. We have a balance curriculum which imbibes best from the various methodologies taken up by world across.

The children will learn by imitation. They react to what they see around. Teacher and Parent form their world hence its important for both to get in sync with the methodology of parenting. Taking in account the latest researches which prove that every child has a different kind of intelligence which if polished and Re- fined and unleash a scientist, actor, artist, bureaucrat and so on with the tiny tots. Taking in account of these we concluded to have an educational approach which we concluded is a beautiful amalgamation of

- Indian Vedic education.
- Multiple Intelligence by Dr Howard gardener
- Montessori method By Maria Montessori
- Waldorf education by Rudolf Steiner

Class	Annual+ Kit Fee	Activity Fee	Quarterly Fee
